Last Update: Thursday, July 20, 2006

On 7/19 at approx 10am PR (mother) states that her brother Tony's cat recently had kittens. According to PR the cat was protecting it kittens and then chased the victim (12 years old) and bit her on the right arm. PR states that the bite broke the skin and bled. According to PR the cat owner is in the process of moving and thinks that the cat was upset with all the commotion in the house.
